

Class K Wet Chemical

TAKE ON COMMERCIAL KITCHEN FIRES WITH CONFIDENCE

With their effective cooking media firefighting capability, durable construction, and simple-to-use design, these Wet Chemical Fire Extinguishers are perfect for handling combustible cooking fires in commercial kitchens (Class K). The purpose-built extinguishers are designed to deliver the potassium acetate wet chemical agent accurately and safely on cooking fires with no dry chemical agent residue to clean up. Available in 6-liter and 2.5-gallon sizes, the extinguishers provide portable kitchen-grade fire protection to supplement existing cooking equipment automatic systems for additional safety and fire code compliance.
