

Highriser® Check Valve

Double Door Check Valve Wafer Type

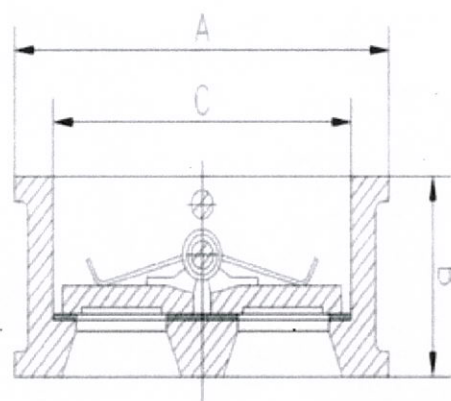

Fig.No.: DDCV-1161-F-300

Working pressure: 20 BARS/300PSI

Materials List:

Part Name	Material
Body	Ductile iron
Disc	SS304
Spring	SS304
Hinge pin	SS416
Stop Pin	SS416
Spacer	PTFE
Pin retainer	SS416
Gasket	EPDM
Washer	PTFE
Lift Hook	Carbon Steel (Not Shown, only for 5", 6", 8", 10", 12")

Dimensions (inch/mm):

Size	2-1/2"/65	3"/80	4"/100	5"/125	6"/150	8"/200	10"/250	12"/300
A	121	134	161	191	217	272	327	382
B	46	64	64	70	76	89	14	114
C	80	94	117	145	170	224	265	310

Patent Pending

Notes:

1. Working Pressure 300 PSI(20 BARS) for fire protection service.
2. Stainless steel disc for excellent corrosion resistance.
3. Design and materials are subject to change without notice.
